ADVICE

It is the time of year where we see a sharp increase in theft, burglary and robbery offences, We advice that residents keep vehicles locked when not in use even if you are only away from your vehicle for a short time, it is also advised to use extra measures such as a steering wheel lock.

In regards to homes we advise that residents double lock doors where possible and consider installing ring door bells and security lighting that covers both the front and rear of the property.

Furthermore if residents visit shopping areas it is advised to keep phones out of sight wherever possible.
